

Welcome to the 2019 map of the Town of Warner's conservation lands. Most of these properties have been conserved for a variety of traditional purposes like farming and forest management. Other conserved properties protect the Town's aquifer, maintain wildlife travel corridors, and preserve the natural beauty of our Town. Most conserved lands allow limited public access, are privately owned, and kept on Warner's tax roll.

Town of Warner

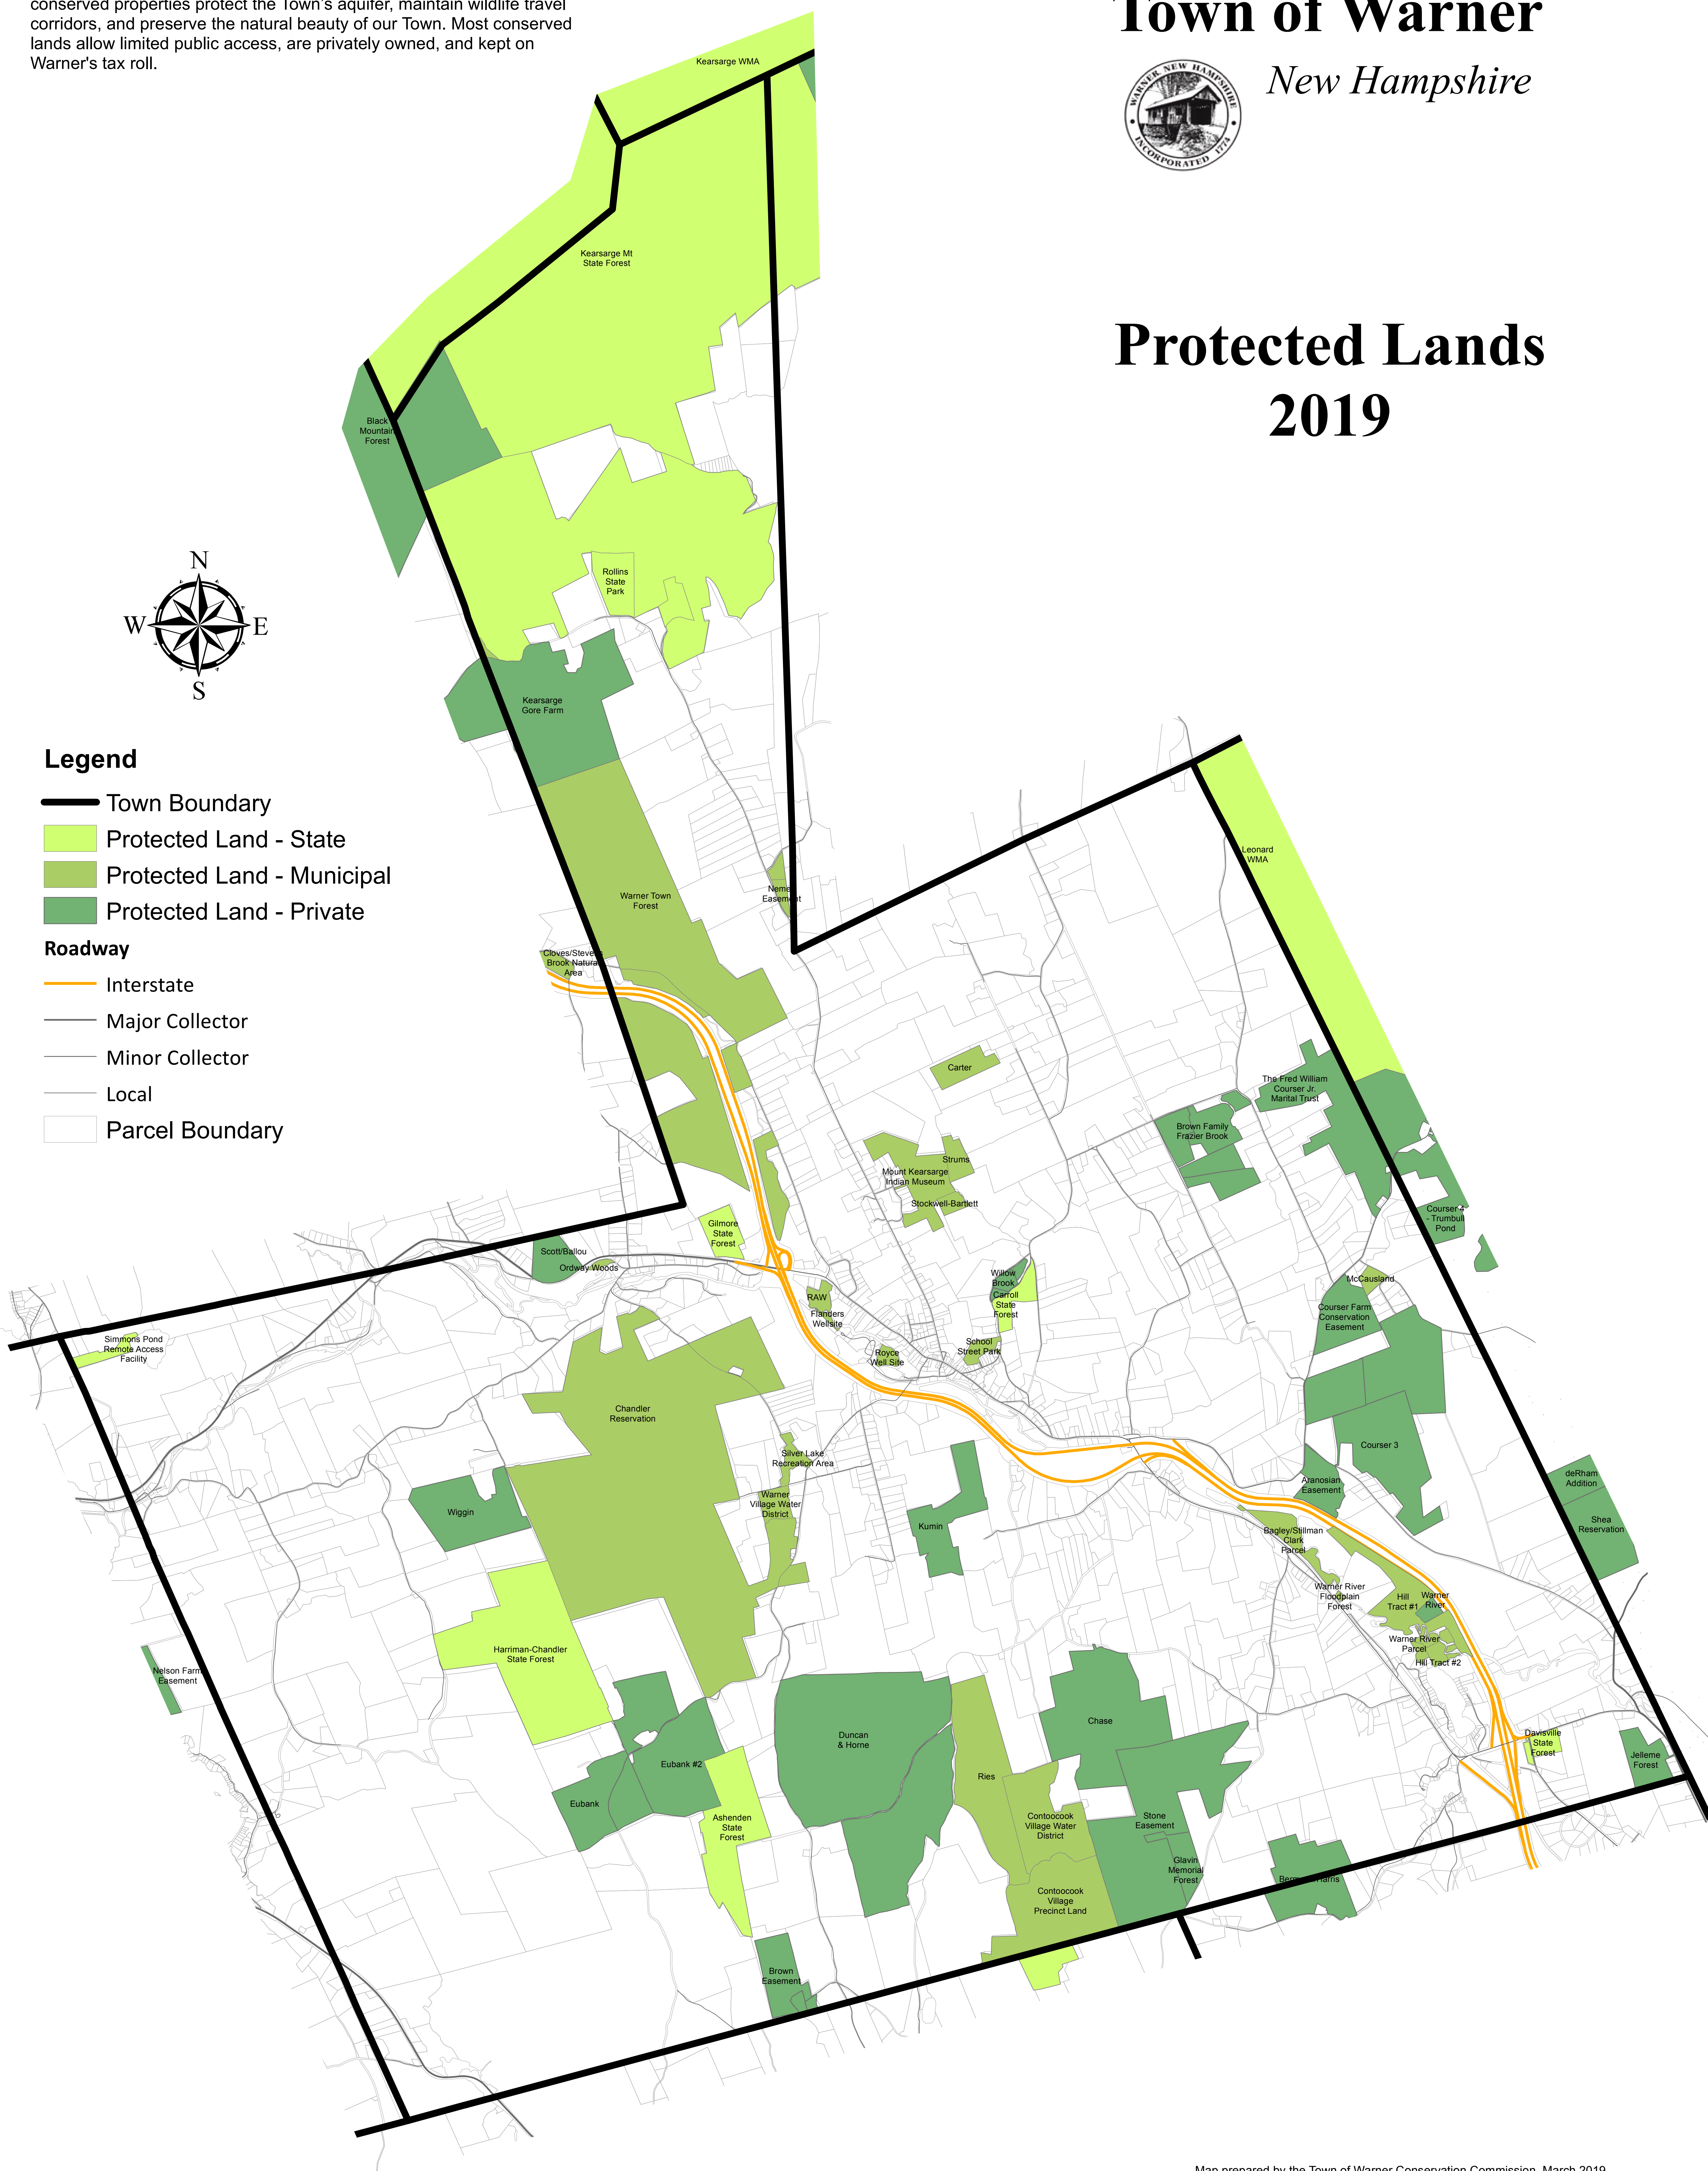

New Hampshire

Protected Lands 2019
